

MEN'S TALKING FRENCH WATCH SILVER FINISH WITH BLACK LEATHER BAND 1 BUTTON

TIM-141-613-3101

Instruction Sheet

To Start the Watch: We ship watches in 'Sleep' mode. To start, press the top right button (2:00 position) for 5 to 10 seconds until you hear a small beep. This will activate the talking features on your watch.

Please note: Once 'Sleep' mode has been deactivated, holding the top right button down for an extended period of time will reactivate 'Sleep' mode. If this occurs, please repeat the above instructions.

(1) **BASIC FUNCTION FOR PUSH BUTTON AND CROWN:**

Crown – Adjusts hour and minute hands

S1 (2:00 position) – Talking function button.
Press down to announce time. "The time is 2:45pm."

S2 (4:00 position) – Minute setting button
- recessed and requires a pen tip to set minutes.

S3 (8:00 position) – Hour setting button
- recessed and requires a pen tip to set hours.

(2) **INSTRUCTIONS:**

1. ACTIVATE THE WATCH FROM SLEEPING MODE:

- Hold S1 (2:00 position) for 5 seconds until you hear a "DO" sound to activate the watch from sleeping mode.
- Hold S1 (2:00 position) for 5 seconds until you hear a "DO" sound to enter the sleeping mode.

2. SET HOUR AND MINUTE HANDS:

- Pull crown out slightly to manually operate hands. Set hour and minute hands to desired setting. When complete, then push back the crown to

normal position.

3. SET TALKING TIME PROCEDURES:

- Apply pen tip to recessed button S2 (4:00 position) to set minutes.
- Apply pen tip to recessed button S3 (8:00 position) to set hours.
